

Casa San Francisco guest reviews

Owners, I really enjoyed staying in your house. We had such a great time here although it went super fast. Our snorkeling time was amazing! We took the kayaks out past the reef and by Jade Beach and it was awesome! We even saw a turtle inside the reef!

We really enjoyed our time here! Thank you!

Thanks so much for providing a wonderful place for a special family vacation. The staff was perfect in every way! Don't miss Chichen Itza and Tulum ruins, snorkeling, kayaking, and dinner on the beach at La Buena Vida. We'll be back!

Merry Xmas 2009! We had a great time! We loved to swim, snorkel, and eat. Happy everything for all who visit after us!

PS Thanks to the staff for helping us to relax in this beautiful environment!

We had a great time here at Casa San Francisco. The pool was awesome because most of the time I didn't want to swim in the bay here unless I was snorkeling. There was great fish when we were snorkeling and I saw a sand crab on the sand that was so cute. I am so, so, so sad to be leaving today because it was so fun here. I hope that I can come again sometime.

I came to Akumal with my 4 year old son Terry. To all parents of children, one great activity for you is sand castle building. My son thought it was so cool and it was a very fun thing to do. If you are lucky enough to be here, then life is wonderful. Not only is it beautiful, but the staff is one in a million. My

son and I were blessed to come here and I hope your trip was blessed too. I would highly recommend snorkeling right outside on the reef. Have a wonderful time.

We have enjoyed villa San Francisco very much. It has been very relaxing, we were able to disconnect from the other life most of the time. Our stay has been very much facilitated by Guille, and the wonderful staff that she brought. Akumal and surroundings are like a little pearl next to a beautiful blue and green sea. Thank you to all!
